PRODUCT DESCRIPTION

The Hennessy Shelter is our top selling shelter. A versatile and modular design that can offer shelter for numerous external needs such as bicycle parking, scooter parking, motorcycle parking, waiting areas and smoking/vaping areas.

As standard it comes galvanised in 4m bays. The design is easily expanded in multiples of 4m and can be powder coated in a range of colours. The shelter roof and sides (optional) are clad using clear PET sheeting. Coloured Plastics and alternative material options are available such as corrugated steel.

Bike Shelter
Each 4 m unit can provide cover for up to 10 bikes.
Our recommended cycle stands include the **Sheffield toast rack**, **Root fixed Sheffield Cycle Stand**, or **Surface Mounted Sheffield Cycle Stand**.

Scooter Shelter
SFD offer a range of **scooter racks** that are compatible with the Hennessey shelter. Our best value version is the **Budget Scooter Rack**

Motorcycle Shelter
We recommend the use of a hoop barrier for motorcycle parking.
Speak to our team for a full range of available motorcycle stands.

Smoke/vape Shelter
Options include a range of **cigarette bins** and seating such as our **anti vandal bench**

If your available space cannot exceed 4m we would recommend the **Hennessy XL Shelter** to double the cycle parking spaces with our **Everest Double Decker Cycle Rack**

All our Shelters can be manufactured to be BREEAM compliant.

Please note this product arrives flat packed and will require experience to build and install. Appropriate groundworks and foundations must be prepared before installation. Contact our team for more information and installation guides.
