Obelisk Illuminated Bollard

OBELISK ILLUMINATED BOLLARD

Product Code: SFD5811

Dots

PRODUCT DESCRIPTION

The Obelisk is a robust, contemporary 670mm aluminium bollard in stylish graphite black. It instantly enhances and decoratively illuminates an outdoor space wherever it is mounted. The light itself is directed downwards from the top of the cut out centre section, resulting in the inner rectangular space being filled with light. The E27 bulb holder is protected by a clear, glass lens which diffuses light evenly.
