PRODUCT DESCRIPTION

The 168mm Diameter Titan Steel Bollard is manufactured from 5mm gauge steel, galvanised for durability, and can be powder coated* in a range of colours. Hazard banding strips are also available for increased visibility at night.

A welded flat cap is supplied as standard, with alternatives such as semi-domed or mitred tops available at a small extra cost.

For added protection, choose the Titan Reinforced Steel Bollard with Anti-Ram capability.

*Powder coating will require a longer lead time.
