Traffic Line Self-Righting Post

TRAFFIC LINE SELF-RIGHTING POST

Product Code: SFD549

Dots

PRODUCT DESCRIPTION

The Traffic Line Self-Righting Post is ideal for restricted manoeuvring areas where a high risk of damage to property is likely. The post can be deflated up to a maximum of 30 degrees off centre in any direction and will automatically return to its original vertical position. The restriction of 30 degrees reduces the ability of vandals to damage vehicles and nearby property, as can be the case with ordinary self-righting steel posts.

The Traffic Line Self-Righting Post comes with two fixing options; surface mounted (total length 1000mm) or root fixed (total length 1330mm).

SPECIFICATIONS

Height	1000mm
Diameter	76mm
Fixing	Surface Mounted
Material	Steel
Colour	Galvanised
