Cross Grip Brass Paving Stud

# CROSS GRIP BRASS PAVING STUD

Product Code: SFD708

Dots

## PRODUCT DESCRIPTION

Brass Paving Stud, design is a cross grip top with a standard diameter of 25mm, each stud is 35mm in length. We have major discounts for large volumes.

Our range of Tactile Paving Studs serve for a variety of applications. The studs provide a textured ground surface indicator for footpaths, stairs and train station platforms to assist blind and vision impaired pedestrians.
