Lavender GRP Planter

LAVENDER GRP PLANTER

Product Code: SFD612

Dots

PRODUCT DESCRIPTION

The Lavender GRP Planters are a classic window box style planter, they are a perfect shape and size for most windowsills both indoors and outdoors. Therefore, these planters are great for seasonal planting and herbs. They also look very contemporary with their seamless appearance.

Made from glass-reinforced plastic (GRP) which is durable, hardwearing, frost proof, rust proof and light weight. Perfect for sitting on railings too! Brackets are available to secure the planters to windowsills and railings. Contact us for more details on the standard sizes available or we can create bespoke brackets to your specification.

The Lavender GRP Planter is available in a variety of sizes in any RAL colour matt, satin, gloss or metallic finishes.
