Cypress GRP Planter

CYPRESS GRP PLANTER

Product Code: SFD613

Dots

PRODUCT DESCRIPTION

The Cypress Planter is perfect for commercial projects as it is made from glass-reinforced plastic (GRP) which is lightweight, frost proof, rust proof, low maintenance and very durable.

The extra large planters are made with a strong interior membrane and have internal bracing.

To see more planters available in the range please see the Camellia Planter and the Lavender Planter.

Also available in any RAL colour matt, satin, gloss, metallic or special effect finishes - contact us for more information.
