Heba Plastic Corner Planter

HEBA PLASTIC CORNER PLANTER

Product Code: SFD634

Dots

PRODUCT DESCRIPTION

The Heba Plastic Corner Planter is made from Medium Density Polyethylene (MDPE) which is lighweight and can be left free standing for easy moveability or fixed down with bolts. The surface is easily cleaned with water and is vandal resistant, it’s also UV protected so the colours don’t fade. Polyethylene can also be recycled at end of life.

The polyethylene planter has outlet holes for water filtration.

Standard Colours: White, Grey, Sand. Available in a range of bright colours too.

The Heba Corner Planter can be combined with other elements in the Heba collection to make interesting planter and bench combinations, with square, straight and curved units. Ideal for courtyards, roof terraces and pop-up parks.
