DuraFlex Reflective Self-Righting Bollard

DURAFLEX REFLECTIVE SELF-RIGHTING BOLLARD

Product Code: DuraFlex Reflective Self-Righting Bollard

Dots

PRODUCT DESCRIPTION

The DuraFlex self-righting bollard bends on impact and returns upright, reducing injury, vehicle damage, and replacement needs.

Made from durable black polymer (white on request) with a reflective, easy-clean surface.

Installs via foundation cage or NAL socket, and can be retrofitted to redundant base lights. NAL adaptor plates available if required.

SPECIFICATIONS
