Cairo Planter and Bench

CAIRO PLANTER AND BENCH

Product Code: SFD292

Dots

PRODUCT DESCRIPTION

The Cairo modular bench and planter system offers a fresh, modern twist on urban seating. With infinite combinations of either bench, planter or both, the Cairo is suitable for small and large spaces alike.

The Cairo is constructed from galvanised steel sheet and can be painted in a variety of colours, finished with 13mm thick high pressure laminate wood slats in a light oak finish. If you are interested in the different colour options available, please get in touch to discuss these.

While the Cairo is free-standing on adjustable feet, it can be anchored using anchor rods if required (not included).

SPECIFICATIONS
