Heritage Planter - Medium

HERITAGE PLANTER - MEDIUM

Product Code: SFD636

Dots

PRODUCT DESCRIPTION

This elegant Heritage planter is constructed from fine sawn cladding and finished with smooth planed legs and mitred corner top surround. A slatted base and permeable material liner prevent plants becoming waterlogged, whilst the timber constructed is pressure treated for long life protection against the elements.

- Decorative 12mm T&G fine sawn vertical cladding
- Smooth planed legs and top surrond with mitred corners
- Open slatted base
- Shaped black perforated Polypropylene planter liner included
- Holds approximately 0.3m³ (30L) of soil or compost
- Factory assembled structure
- Pressure treated for protection against rot and inset attack
- Natural timber finish

Available in other sizes
