Stainless Steel Cranked Bollard

STAINLESS STEEL CRANKED BOLLARD

Product Code: CRBOL

Dots

PRODUCT DESCRIPTION

Cranked Bollrds are essential for protecting building corners without obstructing traffic.

Perfectly suited for high-traffic areas like fast food drive-thrus, vehicle bays, and other commercial spaces, these bollards provide robust corner protection while maintaining clear pathways for vehicles.

Key Features:

- **Durable Construction:** Made from high-quality Grade 304 stainless steel for long-lasting performance.
- **Root Fixed Design:** Easily installed with a recommended root depth of 300mm for secure placement.
- **Design:** Features a semi-dome top
- **Standard Size:** 101mm diameter, with an optional 114mm diameter available for different needs.

Whether you're enhancing safety around your building or guiding traffic in busy areas, Cranked Bollards are the practical, durable choice.
